## Born beautiful **in Brooklyn**

Embelle sits right on the pulse of emerging trends and urban savvy. This is Brooklyn, where our designs are born and bred before taking flight across the nation. If our products could talk, they would tell you exactly where they came from. Because they're proud of it.

# 4100 Safele

Classic with a distinctly updated spirit, Safele subtly infuses your space with ageless style. Its neat rosette and slim lever hint at the fine, streamlined design of the space beyond the door. Gently curl your fingers over the smooth lever, and step into a haven.

# 4200 Tafele

With its clean-lined rosette and well-contoured lever, Tafele is a beautiful expression of the Bauhaus design movement. Though simple in form, take a moment to appreciate the subtleties of the lever design: the gentle notch; the seamless transition between the linear and rounded elements; the final fluid curve. Tafele is designed for the truly sophisticated homeowner.

# More ways **to key**

Key it **your way**

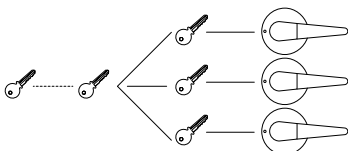

**Keyed different (KD)** each lock has it's separate key.

**Keyed alike (KA)** all locks have one key.

**Master key (MK)** one key works for all locks, but each lock has it's own separate key too.

**Construction master key (CMK)** works like master key, with the addition of having the option of the construction master key being disabled. Typically used for construction sites for workers to not have access after work is done.

A COY NOD FROM **EMBELLE**

## Who are we?

A group of designers, testers, and developers. All possessing a taste for the finer things in life. We love the subtle gleam of a glossy finish, the curve of an artistic handle, and the expansive contrasts of modern minimalism. And we want to put these magic touches everywhere we can reach. For 30 years, we've courted trends and crafted masterpieces. We've poured heart and soul into our work, and become one with our products. We are Embelle, and Embelle is us. We ask of you only this; let us into your life. We will open doors for you.
